MERCHANTS' AND MECHANICS'

MUTUAL LIFE INSURANCE COMPANY,

Office 6 Wall-st., N.Y.—THE COMPANY'S business

is of the Capital of \$100,000, actually paid in and

invested in the stocks of the United States and of State

of New-York.

Its business will be conducted upon principles to ren-

der the payment of the sum required by the terms of the

policy, whether the sum be paid here, or within a few

years after its creation. To this the characters of the Trus-

tees are pledged. To enable them to redeem that pledge,

they deem it necessary to require the payment of full pre-

miums, according to the rates of insurance of the most au-

thorized offices both in Europe and in America, and both in

stocks, either in Whole or in part.

MILLS.—Burton grinders, patented November,

1847.—Those Mills are warranted to do more work than any

other Mills now in use, and do not require one-half as much

power.

The first premium was awarded to the patentee of these

Mills at the Fair of the American Institute in 1849 and 1850,

also at the Fair of the Massachusetts Charitable Mechanical

Association in 1850.

These Mills are very convenient for transportation, their

whole weight being much less than the stones alone of com-

plete machinery.

They are admirably adapted for grinding grain, of all kinds, coffee, spices, mustard, starch, salt, paints, plumbago, manganese, buns, dint, quartz, plaster, charcoal, dry-stuffs, drugs, snuff, glass, tobacco, oil, &c.
